

Fellowship of Samoa Specialists

American Philatelic Society Affiliate N° 240

The Fellowship was initiated in 1979 by Jack R. Hughes, and now consists of 54 Fellows from throughout the world. The Fellowship's quarterly journal, *The Samoa Express*, is the main method of communication between fellows, but meetings do occur when two or more Fellows can get together, usually at National or International Philatelic Exhibitions. The largest gatherings to date have been at Auckland in 1990, San Francisco 1997, Melbourne 1999, San Francisco 2005, and Washington 2006. Fellows who allow their addresses, email or other contact details to be published in the journal are able to correspond directly with other fellows on matters of mutual interest. Our website is:
